## MIDDLE EAST, MIDDLE KINGDOM

From China to Dubai, Gallery Etemad presents, for the first time in the UAE, 25 original works of art by eight leading Chinese artists. The exhibition, Middle East, Middle Kingdom, is a collection of pieces that redefine Chinese culture and push the boundaries of politics and everyday life. Showcasing different styles, from striking photographs to arresting paintings, each piece is a testament to China's burgeoning art scene and the risk-taking individuals helping its growth. A must-see. *Middle East, Middle Kingdom runs from September 19 to November 12 at Gallery Etemad, Al Quoz*
